High visibility glove keeps workers safe in low-light environments

- Visibility is a top priority on dangerous jobsites. It can help avoid injuries and save lives.
- ActivArmr 97-013 MD Hi-Viz™ gloves are specially designed with a highly reflective back to keep workers safe in low-visibility and dark environments.
- The gloves are engineered to the core with the industry leading combination of high-tech INTERCEPT™ technology hand protection plus all-day comfort and wet/dry grip that meets the demands of the job.

Industries

- Mining
- Oil and gas

Applications

- Signalling/Positioning
- Operating of heavy machinery
- Loading and hauling
- Hydraulic repair
- Shipping and loading of product
- Vehicle Maintenance
- General pumping work
- Preparation of site - set-up and disassembly of tool string
- Set-up of pressure manifold and tubing injector head
- Handling of tools
- Valve - line maintenance and repair
- Handling jagged metal
- Equipment maintenance Scaffolding Pipe handling and insulation Plumbing and sand blasting
- Heavy machine operation

Key Features

- High-visibility on back-of-the-hand and palm side to increase safety over traditional high-visibility liner gloves
- Retro-reflective logo on back-of-the-hand to enhance safety in dark/low-light conditions
- 13-gauge liner offers excellent comfort and all day wear and is not sweaty compared to leather. Ergonomically designed forms provide naturally curved, relaxed fit to reduce hand fatigue
- Excellent dexterity enhances ability to pick up small items
- Provides excellent wet and dry grip
- Also available in vend pack
