

AIRPOWER LINE - 4-in-One *DOUBLEDUAL™*

Fully factory-assembled, the AirPower Line combines all of the features of rubber air hose and ABS straight cable assemblies into one spiral wrapped bundle that installs in minutes. The 4-in-One *DOUBLEDUAL™* configuration combines the convenience of the AirPower Line plus an added tailgate power line featuring Tectran's *DOUBLEDUAL™* one-plug Solution. The *DOUBLEDUAL™* dual pole plug is universally configured to function with both vertical or horizontal socket designs. Simplify your connection lines with this universal plug option.

The ORIGINAL

DOUBLEDUAL™

- Tectran's one plug solution, *DOUBLEDUAL™*
- Dual pole plug is universally configured to function with both vertical and horizontal socket designs
- One plug handles all your dual pole application needs!

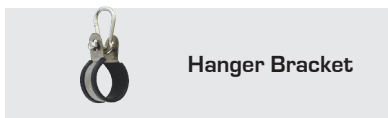

- 2 x 3/8" ID SAE J1402 rubber air lines
- ABS rated power line - meets performance requirements of SAE J2394

- Premium **FLEXGRIP-HD™** handles with all brass fittings on the trailer leads provide protection during gladhand connections
- Reinforced, thicker tail profile prevents tearing and improves kink resistance

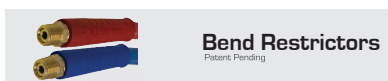

- **LIFESwivel®** - A live swivel design featuring all brass construction to eliminate corrosion
 - » Double O-ring leak-free "Life" design
 - » Quick & easy single wrench installations

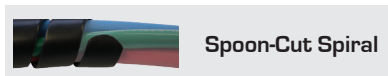

- Stainless steel construction prevents corrosion
- Rubber covering protects lines

- SAE J560 Buffalo Plugs with **WeatherSeal™** sleeves for superior corrosion protection and strain relief

- DOT compliant, tractor-side reinforcement guards provide strain relief
- Non-corrosive unlike typical spring guards
- Color-coding minimizes incorrect connections

- Heavy Duty beveled edge spiral wrap gathers all lines into a tangle-free bundle
- Spoon-Cut spiral wrap eliminates sharp ends which can damage the hose or electrical cable
