

# RESISTANCE™ SERIES 3-IN-ONE AIRPOWER LINES

Resist the elements with the new Resistance™ Series AirPower Lines from TECTRAN®. Rust-proof and corrosion-resistant materials have been combined to create a 3-In-One that holds up in ways that others can't.

**BETTER MATERIALS. BETTER DESIGN.**  
TECTRAN IS DRIVEN TO BE BETTER®

### 3/8" ID EPDM Rubber Air Hoses: SAE J1402 & DOT FMVSS No. 106 Compliant

- Molded elastomeric gladhand grips flex with the hose to prevent kinking during sharp turns
- Molded elastomeric tractor-side bend restrictors color-code the hoses and won't corrode
- ½" NPT brass fittings, including live swivel tractor-side fittings for single wrench install
- Fully bonded hose cover resists abrasion, UV, diesel, and common chemicals

### 7-Way Overmolded Cable: ABS Ready (4/12-2/10-1/8) with SAE J560 Plugs

- Fully molded plug design encapsulates wire and terminal connections to seal out moisture
- Molded plug housing is completely solid throughout to prevent crushing or deformation
- Integrated cable bend restrictor protects the assembly during sharp turns
- High strand count copper conductors with machine crimped brass terminals for dependable electrical connections

### Spiral Wrap & Clamp

- Heavy-duty, beveled edge spiral wrap gathers all lines into a tangle-free bundle
- Spoon cut spiral wrap ends protect the hoses and electrical cable by eliminating sharp corners
- Stainless-steel clamp and carabiner for dependable all-weather service
