

Limited Warranty Policy

3 YEARS

RANGER BRAKE PRODUCTS provides a three-year limited warranty period from date of manufacture covering any and all defects of material or manufacture except for Severe-duty type applications.

Severe-duty applications as defined by RANGER BRAKE PRODUCTS (i.e. concrete mixers, construction, refuse, off-highway, etc.) are covered for a period of one year, unless invalidated by considerations set forth in other provisions of this limited warranty policy.

Claims that are not returned to Ranger Brake Products within 90 days from the failure date will be considered null and void.

This warranty is valid only for authorized and current dealers of Ranger Brake Products and the original purchaser must have proof of purchase.

This warranty does not apply to a spring-brake unit which has been used while its "end cap" has been removed. Therefore, this warranty does not cover claims for corrosion or lack of brake chamber function caused by the ingestion of foreign material.

Ranger Brake Products is not responsible for ANY costs associated with "down-time", cargo damage or any other expenses or losses incurred from the failure of any Ranger Brake Products.

Ranger Brake Products reserves the right to make changes in the design or improvements to its products without incurring any obligation to modify or make similar changes on products previously manufactured or sold.

Ranger Brake Products replacement parts furnished under the terms of this warranty are covered for the remainder of the original Ranger Brake Products brake chamber warranty period.

This warranty supersedes any previous warranties or liabilities, explicit or implied.
