## POWER STEERING FLUID **+ STOP LEAK**

*Seal Conditioner Extends Power Steering System Life  
Helps Prevent or Delay Costly Repairs  
For Both High and Low Mileage Vehicles*

Read directions and safety  
information on back panel.

12 FL. OZ. (355 mL)

Developed for use in GM®, Ford®, Chrysler®, and most foreign cars and light trucks\*. See vehicle's owners manual. Helps stop or reduce fluid loss caused by leaky seals. Formulated with high quality oil and fortified with additives to revitalize dried, shrunken, and hardened seals. Use as a preventative maintenance to help avoid future leaks. Keeps power steering systems running smoothly. Mixes with all approved power steering fluid. **NOTE:** A second treatment may be needed if leak persists after initial use. If leak persists after second treatment, a mechanical problem may exist and you should see your service dealer. **DIRECTIONS:** With engine off, fill power steering reservoir to level specified in owner's manual. Do not overfill as system damage may occur. May be used instead of regular power steering fluid. After using product, always wash exposed skin thoroughly with soap and water.

**ATTENTION:** Contains highly refined petroleum oils (mixture), alkoxy sulfolane (proprietary), di-isodecyl adipate (27178-16-1), zinc compounds (proprietary), proprietary additive (proprietary).

Avoid contact with eyes, skin and clothing. In case of eye contact: flush thoroughly with water. In case of skin contact: wash with soap and water. If irritation develops and persists, seek medical attention. If swallowed: do not induce vomiting. Call a POISON CENTER or physician.

High pressure injection of this product through the skin is a medical emergency. This product must be removed completely from under the skin. Seek immediate medical attention.

**KEEP OUT OF THE REACH OF CHILDREN.**
